

# **MARSIM'03 Presentation Guideline**

## **Presentation Requirement**

Please fill out the attached presentation requirement and **return to the MARSIM'03 Secretariat by 25<sup>th</sup> June 2003.**

## **Presentation Time**

The allotted time for presentation is **15 minutes for a contributed paper** with an additional 10 minutes for questions and answers.

## **Audiovisual Equipments for Presentation**

The following audiovisual equipments will be arranged in the conference rooms:

- Podium, microphones, screen and pointer
- **Overhead Projector (OHP)**
- **LCD projector with 8 ports switching connector**

## **For using the LCD projector, the presenter is requested:**

1. **Bring your laptop** with you.  
100V/60Hz power supply with A outlet (commonly used in U.S.A. and Japan) is available in each conference room.  
Plug type changer and transformer are not prepared.
2. **At least one day before the presentation day, check the availability** of computer projection from your own laptop.  
For checking purpose, additional LCD projectors are available at the registration desk.
3. **During the coffee / lunch break just before your session, connect your own laptop with the LCD projector** through the switching connector by yourself and make sure that your laptop can work well.
4. **Bring a hard copy of all slides** as the transparencies for overhead projection in case of computer difficulties.

The specifications of the LCD projector and the switching connector are as follows;

<b>Computer Compatibility</b>	<b>VGA, SVGA, XGA</b>
<b>Native Resolution</b>	<b>1024 x 768</b>
<b>RGB Input Terminal</b>	<b>D-sub HD (Mini D-sub) 15-pin</b>
<b>RGB Input Cable</b> between Computer and Switching Connector	<b>D-sub HD 15-pin connectors at both ends of 2m cable</b> <b><u>(No cable with other special connectors is provided.)</u></b>

**If you have any question, please do not hesitate to ask MARSIM'03 Secretariat.**
